About the TOEIC Speaking Test

1 What is TOEIC Speaking Test?

The Test of English for International Communication™ (TOEIC) program offers English-language proficiency tests for people whose native language is not English. The TOEIC Speaking test, which is delivered through the computer, is valid assessment of a person's ability to speak in English in the workplace.

2 TOEIC Speaking Test Format

The TOEIC Speaking Test is designed to measure a person's ability to communicate in spoken English in the context of daily life and the global workplace. The test is composed of 11 tasks and takes approximately **20 minutes** to complete. The range of ability among English learners who will take the TOEIC Speaking Test is expected to be broad; that is, both very capable speakers and speakers of limited ability can take the test. The test is designed to provide information about language ability to speakers across a range of language proficiency levels.

In extended responses, some of the following weaknesses may sometimes occur, but they do not interfere with the message:

- minor difficulties with pronunciation, intonation, or hesitation when creating language

Test takers at level 7 can also use spoken language to answer questions and give basic information.

When reading aloud, test takers at level 7 are highly intelligible.

Level 6 Scale Score 130-150

Typically, test takers at level 6 are able to create a relevant response when asked to express an opinion or respond to a complicated request.

However, at least part of the time, the reasons for, or explanations of, the opinion are unclear to a listener.

This may be because of the following:

- unclear pronunciation or inappropriate intonation or stress when the speaker must create language
- mistakes in grammar
- a limited range of vocabulary

Most of the time, test takers at level 6 can answer questions and give basic information.

However, sometimes their responses are difficult to understand or interpret.

When reading aloud, test takers at level 6 are intelligible.

3. If a word is marked to be stressed like *“3 stripes”*, make sure to stress it.
4. *“outlined”* is used as an adverb. Remember to pause and stress it.
5. Pause before the preposition *“on”* when reading dates like *“on January 1st 2007”*
6. Intonation goes up after every word and down on the last word for enumerated sentences like *“... a player’s clothing, products, or equipment on court.”*
7. There is a slight pause before *“to interpret ...”*
